BLOOD BOWL

HOWAY THE LADS!

Just when you thought it was safe to peel a half-time orange, TROLL brings you yet more Blood Bowl brutality. This month it's the turn of the Norse and Human teams to step onto the line of scrimmage, so strap on your shin pads and screw in your studs, it's clobberin' time!

810 A

£17

Humans are generally acknowledged as the best all-round Blood Bowl players in the Old World. They may lack the toughness of Orcs, and the agility of Elves, but they don't suffer from any of these teams weaknesses either.

Did you know...

Norse fans divert themselves during the half-time interval by indulging in the popular Norse sport of Head-butting. Often other races are invited to join their games with a smile and a friendly head-butt. Unfortunately, most races consider this behaviour anti-social to say the least, which inevitably leads to the other popular Norse game of rioting..

LEGION OF THE DAMNED

814 A

£20

Of all the legends of the Imperium one of the strangest is that of the Legion of the Damned. The Inquisitors of Terra have amassed dozens of reports describing the inexplicable manifestation of these otherworldly warriors upon battlefields where the warriors of mankind battle without hope against impossible odds.

The Legion comes unannounced and unlooked for. Wreathed in spectral fury they descend upon the foes of mankind, battling them without outcry or war-shout until the enemy is scattered and the day is saved. Equally mysteriously they vanish again once victory is won, disappearing back to whatever hellish realm they came from.

FANTASY SWARMS

814 B

£5

Many armies in the Warhammer world use swarms of small creatures to aid them in battle. Orcs employ the diminutive Snotlings, Skaven use vast hordes of rats, the Undead are often accompanied by swarms of bats, and even the armies of the Empire employ wizards to bind creeping things such as spiders to their cause.

The Fantasy Swarms boxed set contains all you need to create a swarm to aid your force in battle. Alternatively, you might prefer to employ a serpent swarm to overwhelm the foe!

814 C
